Part 3 Activity: Matching Hazards to Solutions

Match the hazard to the solution that would eliminate or reduce the risk.

- Lay tools with the sharp points against the ground
- Don’t drink out of the hose

**Biological**
- Have an adult apply chemicals
- Wash hands properly
- Wear gloves
- Tell an adult if you find broken glass
- Keep chemical shed locked

**Chemical**
- Put away tools when not in use
- Wear closed-toed shoes
- Don’t bite your nails
- Don’t climb on fences
